

## Event Planning

*'Big or small we plan them all'*

From a garden party to a wedding or anniversary.

From a product launch to a corporate event or concert.

We can even supply or arrange event solutions to add to your existing event capability by providing catering services, fully licensed bars, fun fairs, entertainment, marquees, lighting, amusements, whatever your dream we will work hard to achieve it.

We can create your entire event – from the initial idea or concept, we can plan and /or run it.

You get a thoroughly planned and extremely well organized event with the additional enormous benefit of having persons on-site who are most knowledgeable about all of the arrangements, we will act as your event safety officers, arrange security and staff as required so you will be able to relax and enjoy yourself, or at least attend to other matters, while being confident the event will run exactly as planned.

If on the other hand you would like to run your own event, but don't have the time to plan it, we can organise the whole event to your requirements handing everything over to you on the day so you will still get the benefit and experience.
