

My thanks to Ronnie for the invitation, I had a superb weekend and enjoyed seeing Ireland, the people were so friendly and the scenery breathtaking.

A.C. EXOTIC CHAMPION MALE

1. G.C.C. Craig & Bell IGRCH & INTCH SHEERBLISS DREAMCATCHER (70 12a 1ts) M 18/10/08
Blue Silver Tabby & White. A huge boy, he was a little bemused at the kiss test and didn't like standing on the table, but once in his pen turned into a real soft, he rolled upside down and just loved his tummy tickled. Huge round head with wide smooth top between medium sized well set ears, expressive large round orange eyes, short snub nose with deep break, full cheeks, slightly undershot bite and good chin. His is a great sized boy with deep chest and massive shoulders, thick short well boned legs. Short soft coat, he has a white blaze to his face some white to his chest and tummy, cute white socks, he has a fairly clear spotty pattern to his coloured patches, short ringed tail with pointed tip. I gather to add to his title list he has also become a Int Grand Champion, well done.

A.C. EXOTIC CHAMPION FEMALE

1. G.C.C. McCARTHY'S CH SHEERBLISS HAYLEYS COMET (70 30s) F 25/8/09
Silver Spotted Tabby. My gosh this girl could wriggle, she definitely wasn't used to the kiss test. Round head with rather narrow top between medium sized ears that she held a little high, round eyes which she didn't want to open and had a tendency to squint, short nose with deep break, full cheeks and rounded muzzle, undershot bite and fair chin. Good boning to cobby frame with short sturdy legs and firm round paws. Short coat with good density, a dark silver with clear black markings, M to face, well broken spine line, the side spots show good separation to the middle a little linked to the shoulders and thighs, short full well ringed tail.

A.C. BRITISH CHAMPION MALE

1. G.C.C. IZYDORCZYK CH ALEJANDRO REYES DE SELVA (40 2) M 8/6/09
Blue Colourpointed. A compact shaped boy with lovely expression. Well rounded head with wide smooth skull between well set medium sized ears, large round eyes of a good blue colour, short broad nose, full cheeks and rounded muzzle, level bite and good chin. Cobby bodied with short thick sturdy legs and large firm round paws. Short coat just a fraction lacking in density, well defined mask and points, he has a lot of shading to his body, balanced length tail with rounded tip.

A.C. BRITISH CHAMPION FEMALE

1. G.C.C. WREN'S CH PORTEOUS LAYDOWN SALLY (30) F 3/3/05
Brown Spotted. A very solid girl who was quite shy. Fairly round head with smooth top between ears that were a fraction on the large side, she has a heavy brow line which makes her look cross, not totally round orange eyes, slight cheeks, her muzzle needs to fill out and is a little pointed, level bite and pale coloured chin. Good shape and boning to very solid frame, very short coat that slightly lacked density, it was a little cold due to the greying to the roots. Fair definition to spots, balanced length tail showing rings.

A.C. SELF EXOTIC ADULT

1. C.C. B.O.B. MURTAGH'S CHARLORIAN JENFIQUE (70 1) F 28/5/10

Black. Such a sweet girl, she was very shy and gave me such an astonished look when it came to the kiss test. Small round head with rather narrow top between medium sized ears, held a little high. Lovely large round orange eyes, short nose with a gentle stop, fairly full cheeks, she has a narrow undershot bite, her chin and muzzle are a little pointed. Short compact shape to body with good boning, short sound jet black coat a little lacking in density, balanced length tail with rounded tip.

A.C. TABBY OR TABBY & WHITE EXOTIC MALE

B.O.B. TO CRAIG & BELL'S SHEERBLISS DREAMCATCHER (70 12a 1ts) M 18/10/08

1. C.C. McCARTHY'S LISABEL SINGING THE BLUES (70 12a2t) M 15/6/10

Blue Tabby & White. A very substantial boy who was extremely chatty but preferred to stay in his pen. Well rounded head with wide smooth skull and medium sized well set ears. Large round eyes which were slightly dirty to the lower edge, short nose with deep break, fully cheeks and rounded muzzle, undershot bite and fair chin. Large framed with deep chest and sturdy well boned legs, Short plush coat that stood well from his body, he has a cute white moustache, white to his chest and white mittens to his feet. The blue to his body is a little cold, there is a spotty pattern when viewed at a distance. Balanced length tail showing rings.

2. MURTAGH'S CHARLORIAN ALFIEMOON (70 9) M 28/5/10

Red Tabby. A lovely natured boy, good rounding to head with smooth skull between medium sized ears, orange eyes that sloped a little towards the outside edge, this was another exotic that it was very difficult to get to open his eyes. Short nose with deep break, fairly rounded cheeks he just need to fill out his muzzle as his chin is a little pointed, narrow undershot bite. Compact shape to frame with good boning to limbs, short coat that lacked undercoat and also felt a little claggy. Due to the lack of undercoat his pattern was rather unclear, the spine lines being indistinct the oysters weren't too bad. Full tail showing some rings.

A.C. TABBY OR TABBY & WHITE EXOTIC FEMALE

1. C.C. CRAIG & BELL'S SHEERBLISS ROSETTA (70 12s5ts) F 10/11/10

Red Silver Tabby & White. A very pretty girl with a wonderful purr. Nicely rounded head with smooth top between well set medium sized ears, expressive orange eyes that I would have liked a touch larger, short nose with deep break, full round cheeks and muzzle, narrow slightly undershot bite. Compact shape frame with short sturdy legs. Lovely coat dense and plush standing well away from her body, clear red markings show a good contrast with the pale silvery red ground colour. White to chest, a right white toe and white socks to her back legs, clear classic markings in the red patches. Balanced length tail with rounded tip and rings.

A.O.C. NON SELF EXOTIC MALE

1. C.C. B.O.B. MORRIS'S PURFIGEMS GIO (70 12a2) M 28/9/09

Blue & White Bi-Colour. A lovely substantial boy who was a big cuddly teddy bear. He didn't like standing on the table and preferred a cuddle. Huge round head with wide smooth skull between well set ears, large round orange eyes, short nose with good break, full chubby cheeks and rounded muzzle, narrow slightly undershot bite and fair chin. A large boy with broad deep chest, good width across shoulders and rump, short firm well boned legs. Good texture to coat just a little lacking in density so lying a fraction flat, a medium sound blue. White blaze to face, not totally full collar, white to legs and tummy, cute blue dot to chin, short fully coloured tail.

A.O.C. NON SELF EXOTIC FEMALE

1. C.C. GRAIG & BELL'S SHEERBLISS CONFETTI (70 12a6s) F 10/11/10

Tortie Smoke & White. A very attractive girl due to her vibrant colours. Nicely rounded head with fair width between medium sized ears. Large round orange eyes, short nose with good break, small round cheeks and muzzle. She had a narrow undershot bite and a slight tendency to stick her tongue out, but that may have been she was just telling me what she thought about being kissed!. Cobby shape to well balanced frame, superb coat, it was this that won her the certificate, it had lovely density a soft texture and stood well from her body. White to face and body, lovely vibrant coloured patched which have good contrast to silver undercoat. Balanced length tail showing all colours.

2. CAUGHEY'S HINCHKITZ SECRETOBSESSION (70 6) F 19/10/09

Black Smoke. What a little chatterbox this girl was, she certainly told us what she thought. Small round head with narrow top and medium sized ears that she held rather upright. Round orange eyes, she had a tendency to squint and would not open her eyes fully, short nose with deep break, quite full cheeks and rounded muzzle, very narrow undershot bite and fair chin. A compact shaped girl with medium boning to short legs, short coat lacking density and lying rather flat, there was fair contrast to the roots but due to the lack of density there were quite a few ghost tabby markings visible, full tail with rounded tip.

3. MURTAGH'S CHARLORIAN DEMSIE GLAZIE (70 12a1) F 15/10/10

Black & White Bi-Colour. A pretty girl with lovely nature. Round head with smooth top between medium sized ears, round orange eyes that could have been larger, short nose with slight break, small but round cheeks and muzzle, unfortunately her bite is slightly misaligned and also undershot. Compact shaped frame with short thick legs and firm round paws, nice coat for density and plush texture, it stands well from her body, she has a white spot just below her nose on the right had side, small white mittens and a dot to her chest and tummy. Fully coloured tail with rounded tip.

A.O.C. NON SELF EXOTIC KITTEN MALE

1. B.O.B. McCARTHY'S LISABEL TOTALECLIPSE (70 6) M 28/4/11

Black Smoke. This boy was a real time waster he had the cheekiest look, he loved playing with my pencil. Full round head with smooth skull between medium sized ears that he holds a little high on his head. Expressive round eyes still a muddy colour, I do wish he would open them up, short nose with deep break, full fat cheeks, nicely rounded muzzle, he has untidy top incisors but a level bite. A well grown boy he already has a quite large frame with thick short legs, soft textured coat that stand well from his body there is fair contrast to roots. Short full tail.

2. CAUGHEY'S HINCHKITZ MONTECRISTO (70 13b 15) M 5/5/11

Red Colourpointed. This was another kitten I could have spent ages with, he just adored the kiss test and kept on nibbling my fingers. A little on the small side but balanced, slightly small round head with smooth skull and medium sized ears. Another one who didn't want to open his eyes, I would have liked them larger, he has a good blue colour developing, short nose with deep break, fat cheeks and rounded muzzle, level bite, fractionally weak chin. A compact shaped frame a little on the small side, short plush textured coat, almost complete mask and points, full tail showing some rings.

A.O.C. NON SELF KITTEN FEMALE

1. MORRIS'S SHEERBLISS MOONCRYSTAL (70 12a2) F 20/4/11

Blue & White Bi-Colour. A pretty girl, not exactly certain what she thought of the kiss test. Small round head with rather narrow top between medium sized ears, her eyes were a fraction small and rather closely set still, a muddy brown colour. Short nose with deep break, small round cheeks, narrow slightly undershot bite, fair chin. Compact shaped frame with short well boned legs, soft dense coat a mid blue colour with some silver tipping to ends. She has a white dot to the left hand side of her nose, white to her chest, half white collar, her left front and back leg also have white, balanced length fully coloured tail.

A.O.C. NON SELF EXOTIC NEUTER

1. P.C. B.O.B. MORRIS'S PURRFIGENS GABBANA (70 13b11) MN 28/9/09

Seal Tabbypointed. What a big boy but with a delightful nature. Huge round head with wide smooth skull between medium sized ears, large round eyes a slightly pale colour, he had a tendency to squint a little when he was in his pen, but was fine once out. Short broad nose with good stop, full fat cheeks and rounded muzzle, level slightly undershot bite. He is a very substantial boy who quite clearly enjoys his food, he has a very well filled body held up by short sturdy legs and large firm round paws. Lovely dense soft textured coat showing a lot of ghost tabby markings, short full tail.

BRITISH BLUE ADULT

1. C.C. B.O.B. ORLOWSKI'S PENCAMBRIA ARIANA (16) F 26/5/10

A shy girl, round head with fair width between medium sized ears, not helped by tufts to the tips. Just super large round deep orange coloured eyes, short nose with slight curve when viewed in profile, balanced well by full cheeks, her muzzle is just a fraction square, level bite and fair chin. Good size and weight to body with sturdy boning to limbs. Short dense coat with firm texture a dark blue but sound, balanced length tail with rounded tip.

BRITISH BLACK SLIVER TABBY ADULT

1. C.C. B.O.B. WREN'S HONIKATZ LITTLE DAZZLER (18) F 19/10/10

This girl was very shy and upset by really rather noisy children. Quite round head with smooth skull between medium sized ears a fraction wide to the base. Well set hazel eyes, short broad nose, slim cheeks a little narrow to the muzzle, level bite, fair chin. Rather small framed, it was extremely difficult to get her to stand up. Short coat a dark silver with clear black markings. M to face,

butterfly, separated spine lines not totally matched oysters, some bars to legs and cute spotty toes, medium thick ringed tail with rounded tip.

BRITISH BROWN SPOTTED ADULT

B.O.B. TO WREN'S CH PORTEOUS LAYDOWN SALLY (30) F 3/3/05

BRITISH COLOURPOINTED MALE

1. C.C. B.O.B. IZYDORCZYK'S KRUZINKAL TORCHWOOD (40 4) M 3/6/09

Lilac Colourpointed. A lovely friendly boy a super size, round faced with full cheeks and good breadth of skull between medium sized well set ears, large round blue eyes. Short broad nose, level bite and firm chin. Compact body shape with heavy feel, deep chest and rump short sturdy limbs, short dense coat. Good definition to mask and points, the pinkish hue required was difficult to see, good clear magnolia white body colour. Medium thick balanced full coloured tail.

BRITISH COLOURPOINTED FEMALE

1. C.C. IZYDORCZYK'S REYESDESELVA BASIA (40 2) F 2/12/10

Blue Colourpointed. A sweet girl, she isn't large but quite balanced. Round head with rather narrow top, medium sized ears which she held very upright they were also a touch wide at the base. Round light blue eyes, short straight nose, rather small cheeks and narrow muzzle, level bite and fair chin. Small framed with lightly boned limbs, short coat lacking density, well defined mask and points a rather dark cold blue, she has a lot of body shading. Medium thick tail with rounded tip.

BRITISH COLOURPOINTED & WHITE ADULT

Merit to ORLOWSKI'S ADECISH SAPHRON SKYE (40 2w) F 5/12/09

Blue Colourpointed and White. A rather shy girl who once she settled showed well. Small slightly oval shaped head with fractionally narrow top between medium sized ears. Lovely round eyes a clear deep blue colour, short broad nose, quite round cheeks and muzzle, level bite and fair chin. Compact shaped frame with medium boning, her coat is still rather in summer mode so lacking in undercoat and a little flat lying. A slightly cold blue, white to face and good contrast to points, balanced length fully coloured tail.

BRITISH BLACK SILVER TABBY KITTEN

1. B.O.B. JOHNSTON'S HOONIKATZ BREEZER (18) F 12/5/11

A really very cute kitten, a little on the shy side and slightly over awed. Head rounding well with good width between well set medium sized ears. Round eyes with the green colour starting to come from round the pupils, broad straight nose, full cheeks and rounded muzzle, level bite and good chin. Cobby shaped frame with chunky legs and neat firm round spotty toes. Short coat a medium silver with clear dense black markings, M to face, butterfly, separated spine lines and almost matched oysters, spotty tummy, balanced length tail with almost complete rings.

BRITISH BLUE NEUTER MALE

1. P.C. B.O.B. MALYARENKO'S CASSIOBURY BLUE OLIVER (16) MN 7/9/09
Blue. What a large boy and such a softie which was just as well. Huge round head with good width between medium sized ears, bold well-opened eyes a gorgeous deep orange colour, he has nice round cheeks and muzzle. Short nose with slight curve when viewed in profile, a little untidy but acceptable bite and good chin. Very large body bordering on unbalanced with deep chest and rump held up by thick sturdy boned limbs. Super density and texture to coat, a sound mid blue. Balanced length tail with rounded tip.

BRITISH BLUE NEUTER FEMALE

These two sisters were very much like peas in a pod, almost impossible to tell apart.

1. P.C. McGARVEY'S CASSIOBURY BLUE SORCHA (16) FN 16/4/10
A very pretty but shy girl. Apple shaped head with wide top between well set ears just a fraction large. Expressive eyes, super large and round deep orange coloured eyes, short broad nose with slight dip when viewed in profile, full chubby cheeks quite round muzzle, level bite and fair chin. Cobby body with heavy feel and short sturdy boned legs. Mid blue coloured coat with good density and crisper texture than her sister, balanced length tail.

2. McGARVEY'S CASSIOBURY BLUE SINEAD (16) FN 16/4/10
Like her sister a rather shy girl. Round head with wide top between medium sized ears. Her eyes are again a lovely deep orange colour, just not as large as her sisters, short broad nose with slight curve, full cheeks just a little square to her muzzle, untidy but level bite and fair chin. Cobby body with heavy feel and short sturdy boned legs. Mid blue coloured coat with good density a little soft in texture, balanced length tail.

BRITISH COLOURPOINTED NEUTER

1. P.C. HANDLER'S REYESDESELVA SHANIT (40 2) MN 2/12/10
Blue Colourpointed. A super natured boy a little unbalanced. Slightly small head for his body size, fairly round head with medium width to top and well set ears with rounded tips, round eyes a nice blue colour. Short nose with a slight dip in profile, he has quite round cheeks just slightly square to his muzzle, level bite and good chin. Well developed body with deep chest and short level back, held up by short strong legs with large firm round paws. Short coat lacking in density a touch long to the back. Well defined mask and points, quite a dark blue, he has shading to his body. Medium thick balanced length tail with rounded tip.

CORNISH REX ADULT

1. C.C. W/H LEBIODA'S ABIGAIL CELEST (33 40 2) F 2/11/10
Blue Colourpointed. A very sweet natured girl who looked very much like a large kitten. Very narrow wedge with the length slightly less than a third of the maximum width, it narrows to a very thin muzzle, she has a slightly off set bite and firm chin. Oval shaped eyes a fabulous deep blue colour, flat skull with curve at brow, there is a straight line to the tip of her nose. Large ears with high set and width to base. A small rather light weight girl with prominent back bone and sore patches to her back legs. Short silky coat a little lacking in density with slight crimps to ends, long tail well covered with wavy fur. C.C withheld due to bite.

DEVON REX ADULT

1. C.C. B.O.B. LASTAUSKIENE'S PL*AGUBAMKA DOMALIE (33a 31d) M 2/12/10
Red & White Bi-Colour. Lovely natured boy. Short broad wedge with high cheek bones, large eyes that were oval shaped when in his pen but became rather round when he came out, flat skull between large ears that were more medium than large with tufts to tips, they had quite a low set and width to base. Short nose with more dip than stop, medium width to muzzle, his whisker break could be more defined, level bite and fair chin. Slender neck, muscular body of medium length it boards on the rotund with broad chest and rather sturdy legs. Dense soft coat that covers all of his body with some crimps, full tail covered with short fur.

CORNISH REX KITTEN

1. B.O.B W/H LEBIODA'S REXTACULAR U CRACK ME UP (33 31dt) M 6/5/11
Red Tabby & White. A very sweet kitten a little on the shy side, he showed better when he relaxed. Medium wedge the length just about a third greater than the maximum width, it narrows to a quite wide muzzle, he has double canine's at present and rather a weak chin. His eyes tend toward a round rather than oval shape, flat skull curving to brow with line to tip of nose which has a very distinct bump. Shell shaped ears, small in size with high set. Good size body for his age with long legs and neat oval paws. Short dense coat with attractive bi-colour markings, it has a silky texture and some slight crimps to ends, long tail well covered with wavy fur. B.O.B. withheld due small ears, eye shape and bump to nose.

TABBY OR TABBY & WHITE NON PEDIGREE MALE

1. KILPATRICK'S TIGER MN 8YRS
Obviously a very old hand at this, he was extremely laid back, super eyes and lovely spotty pattern.
2. KIRBY'S ROCKY MN 2YR 10M
Not a happy boy, he looked very dapper in his neck scarf, lovely brown pattern.

TABBY OR TABBY & WHITE NON PEDIGREE FEMALE

1. CALLAN & RUSSELL'S MARGE FN 7 YR
Not at all tortie like in nature , she have wonderful green eyes and amazing patterning to her coat.

ANY COLOUR KITTEN 4 – 9 MONTH NON PEDIGREE

1. RUTLEDGE'S RAMBLER M 5MTH
A very cute boy with lots of white and lovely well defined spot, he had an almost foreign look to his head shape.
