

# Magic Mist

*used on top show dogs around the world*

## Magic Mist

is made from super purified water. In a patented process, this water is infused with high alkaline ions. Magic Mist is an extremely effective disinfectant and can penetrate the skin 107 times better than plain water. Magic Mist penetrates deep into the skin and stimulates collagen production. Its safety and effectiveness have been recognized by the Japanese Pharmaceutical Association.

Magic Mist has a pH of 12 (strong alkali) and contains highly concentrated hydrogen ions. When Magic Mist comes into contact with your dog's coat or skin, it reacts with the oxygen there and changes to pH 5.6 (weak acid). Hydrogen ions have gained wide recognition for their ability to prevent oxidation, aging and decay. Magic Mist is a highly effective **disinfectant, deodorant and stain remover**.

*Naturally, no preservatives, colourings or other chemical additives are used.*

### WHEN USED FOR SKIN CARE

Magic Mist is a potent anti-bacterial and anti-fungal agent, perfect for use on ears, skin folds and feet. It helps prevent dry skin and allergies. The hydrogen ions penetrate the skin and help increase the production of elastin and collagen and improve cell turnover. Magic Mist is an emulsifier and removes oil and debris from pores and keeps them clean.

### WHEN USED FOR COAT CARE

Using Magic Mist, when brushing or blow-drying, gets rid of static electricity and gives the coat great shine. It smoothes the cuticles and protects the coat from damage. Magic Mist penetrates the hair shaft and controls even hard-to-control hair. Used as a finishing spray, you can get the results that you want from any breed from Cavaliers to Poodles to Maltese.

### WHEN USED AS A SHAMPOO

Add a little Magic Mist to your dog's shampoo to emulsify the oil in the coat and remove stains. Just 5ml for small dogs, 7ml for medium dogs and 10ml for large dogs, will make a difference you can see from the first time you include it in washing! Spray a little on the coat and stains will be even easier to get out and you'll need less shampoo.

### WHEN USED AS A CONDITIONER

Magic Mist will increase the effectiveness of your conditioner as well. Add 5ml for small dogs, 7ml for medium dogs or 10ml for large dogs and see how well your conditioner can really work. Remember that you will need to use less condition.

Contains:  
100% High concentration alkaline hydrogen ion water  
\*Store in a cool place away from direct sunlight.  
Keep out of reach of children
